SECTION 2. The following sum, or so much thereof as may be

the State Treasury to the credit of the Department of Wildlife,
Fisheries and Parks which is comprised of special source funds
collected by or otherwise available to the department for the

The Department of Revenue is directed to set aside the amount of this appropriation or any part thereof at any time it sees fit, out of any collections of taxes upon gasoline, oil and other petroleum products, and to deduct the amounts so set aside from such funds before making distribution thereof. However, provisions shall first be made for the Highway Bonds Sinking Fund, as required under the provisions of Chapter 130, Laws of 1938, and any amendments thereto, and Section 27-5-101, Mississippi Code of 1972.

Any funds available in the Wildlife Heritage Fund may be expended by the Commission on Wildlife, Fisheries and Parks as authorized by law. AUTHORIZED POSITIONS:

Permanent:	Full Time	649
	Part Time	0
Time-Limited:	Full Time	63
	Part Time	0

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2021 do not exceed Fiscal Year 2020 funds appropriated for that purpose, unless programs or positions are added to the agency's Fiscal Year 2020 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2020 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency

has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2020 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Funds are provided herein for all full-time employees to receive up to a Three Percent (3%) pay increase to the realignment component of the Variable Compensation Plan, excluding head of agencies, board members and commission members.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating

to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 5. Each conservation officer and supervisor shall be furnished an allowance for uniforms not to exceed Five Hundred Fifty Dollars (\$550.00) per annum.

Provided further, when any personnel of the Bureau of Wildlife and Fisheries are transferred from one (1) county to another on a permanent assignment, the expense monies now paid on out-of-county duty shall not be applicable.

SECTION 6. It is the intention of the Legislature that the Department of Wildlife, Fisheries and Parks shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2019. It is further the intention of the Legislature that the agency's budget request for Fiscal Year 2021 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2020 budget request process.
